A customer guide included with your purchase.

# How to use this guide

This guide shows the PDF files included in your bundle and explains the print format for each one. It is designed to help customers quickly choose the right file for home printing or copy shop printing.

## What you will see for each file

| Section      | Meaning  |
|--------------|--|
| File Name    | The exact PDF filename included in your download.  |
| Format       | Paper format used by the file, such as Letter, A4, ANSI C, A2, A1, or ARCH E.            |
| Region       | US / Canada formats or European formats.   |
| Sheets       | How many pages are included in that file.  |
| Print Method | Home printing for multi-sheet files, or copy shop printing for large single-sheet files. |
| File Type    | Template, pattern template, fabric color palette, or similar file label.                 |
| Quilt Size   | The quilt or template size shown for that file when available.                           |
